Cost Engineering Network – UK Chapter Kickoff

29th Oct. 2026
12:00 – 18:30
AGCO Stoneleigh, UK

The UK Cost Engineering Network is a new standing community for cost engineering, procurement and manufacturing leaders. This inaugural meeting, co-hosted by AGCO and Tset, brings AGCO's own costing practice into the room, surfaces where the discipline is heading industry-wide. This is also an opportunity for the attendees to contribute to shaping how this network grows from here.
